

March 2021

COVID 19 - Company Update

The health and safety of the individuals we serve, our staff and community partners remains Employment Links main concern. We will continue to practice Covid-19 related safety measures and we will continue to closely monitor the guidelines laid out by Stay Safe MN.

Employment Links will continue to provide services for individuals that are expected or able to return to paid community employment. Employment Links will continue to provide Job Development services to individuals over the phone or Zoom call. We have slowly started to bring individuals in for face to face Job Development and will continue to offer this service moving forward.

We are taking small steps to a full reopening to ensure the health and safety of the individuals served and staff. We are working on ways to ensure safety as we begin discussions on opening our community program for eligible Individuals.

We have also started getting individuals back to their previous volunteer positions that have been on-hold since March of 2020 due to Covid-19. Our plan is to work with familiar volunteer sites to start, to ensure a safe transition for our volunteer programming to open. Then, proceed to offer new sites for eligible individuals to begin volunteering at.

We would like to thank everyone for their patience and understanding during these unusual times. Please feel free to reach out if you have any questions.

Thank you,
